MEMORANDUM FOR: Chief, Military-Economics Division, ORR

25X1A

ATTENTION: [REDACTED]

THROUGH: Chief, Requirements Branch, Reconnaissance Group, CGS

FROM: Chief, CIA/PID (NPIC)

SUBJECT: ABM Search of Eleven Potentially Important Targets in
the USSR

REFERENCES: (a) Requirement C-RR-4-81,164
(b) CIA/PID Project C 497-64

1. This memorandum is in response to your requirement dated 10 March 1964 which requests a 50 nautical mile search of eleven potentially important targets in the USSR for ABM activity similar to that at Leningrad, Moscow, and/or Sary Shagan. This memorandum, as requested, only utilized the coverages of the search areas on KEYHOLE Missions [REDACTED]

25X1D
25X1D

2. There was no activity or installation resembling the possible ABM associated activity at Moscow and Sary Shagan or the probable AMM complexes at Leningrad identified on the aforementioned coverages of the eleven cities. Attached, in tabular form, is a list of the search areas showing the extent of coverage of the area, the quality of photography, and if that portion of the search area can be negated. As seen in the table, only the search areas of Kuybyshev, Novosibirsk, Riga and Sverdlovsk can be completely negated.

25X1A

3. The photo analyst on this project is [REDACTED] who may be contacted on extension 2079 should you have any further questions concerning this project.

4. This project is considered to be complete.
